WORK EXPERIENCE

Intern

InAmigos Foundation

Currently working as a Graphic Design Intern at InAmigos, creating social media graphics, promotional materials, and branding assets. Collaborating with the marketing team to deliver visually consistent content using tools like Photoshop, Illustrator, and Canva.

Intern

Edunet Foundation

Completed a hands-on training program in AI-powered image generation through the Edunet Foundation, with a focus on tools like ComfyUI and Stable Diffusion. Gained practical experience in prompt engineering, diffusion models, and modular workflow design for generating high-quality synthetic images. The program emphasized both technical skills and responsible AI practices, preparing participants to apply generative AI in creative and ethical ways.

Chief Editorial Board

Rotract Club of PPG

Served as Chief of the Editorial Board for the Rotaract Club of PPG, leading the design and creation of posters, videos, and event-related content. Played a key role in maintaining the club's visual identity and communication through creative media, while coordinating with teams to ensure timely and impactful content delivery.
